SYSTEM ADMINISTRATOR

ADMIN ACCOUNT

Login

A screenshot of the 'System Admin' login form. The form is white with a red border and is centered on a background featuring a blurred image of a building with the letters 'PU' and a large red abstract shape. The form contains the following elements: a title 'System Admin', a subtitle 'Please sign in to your account and start the Managing!', two input fields labeled 'Employee Number' and 'Password' (with a toggle icon), a checkbox labeled 'Remember Me', a red link 'Forgot Password?', and a red 'SIGN IN' button.

System Admin

Please sign in to your account and start the Managing!

Employee Number

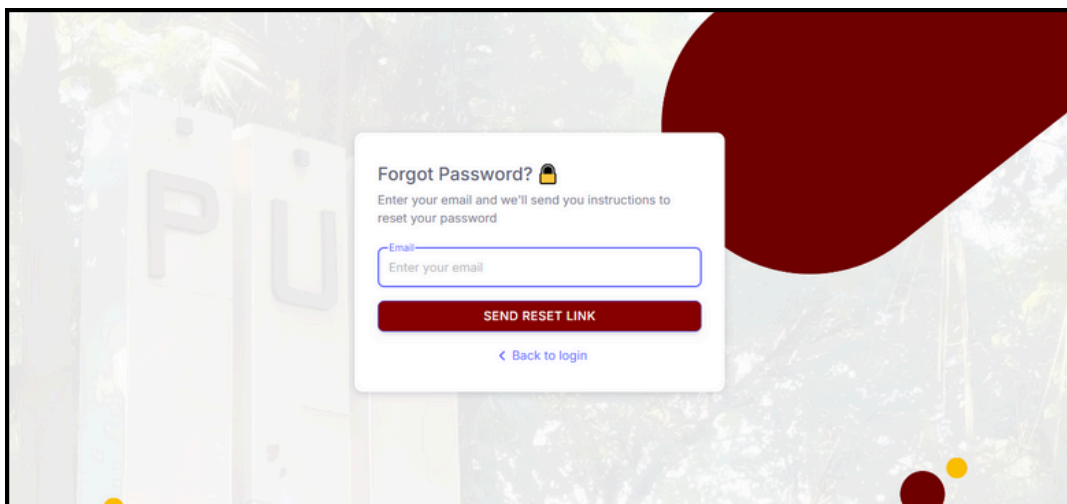

Password

☐ Remember Me [Forgot Password?](#)

SIGN IN

For logging in, input the faculty number and password then click the Log In button.

Forgot Password

A screenshot of the 'Forgot Password' form. The form is white with a red border and is centered on the same background as the login form. It contains the following elements: a title 'Forgot Password?' with a lock icon, a subtitle 'Enter your email and we'll send you instructions to reset your password', an input field labeled 'Email' with the placeholder text 'Enter your email', a red 'SEND RESET LINK' button, and a blue link '< Back to login' at the bottom.

Forgot Password? 

Enter your email and we'll send you instructions to reset your password

Email

Enter your email

SEND RESET LINK

[< Back to login](#)

If the admin forgot the password, just input the email address and click the button for requesting new password. Wait for the email and click the reset link to change the password.

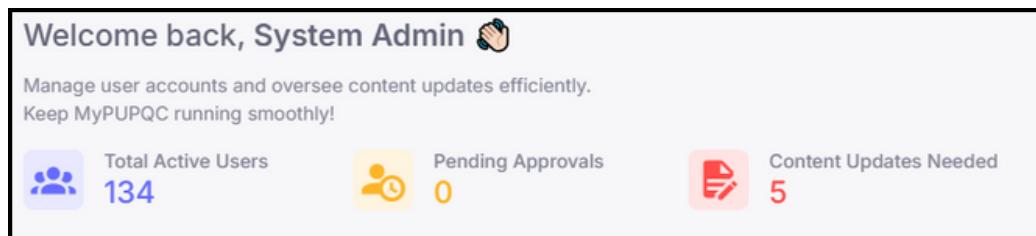

DASHBOARD

Menu

In the menu, the Dashboard, Account Management, Content Management, Audit Logs, and Admin Profile are seen. The system administrator can choose one of the options in the menu.

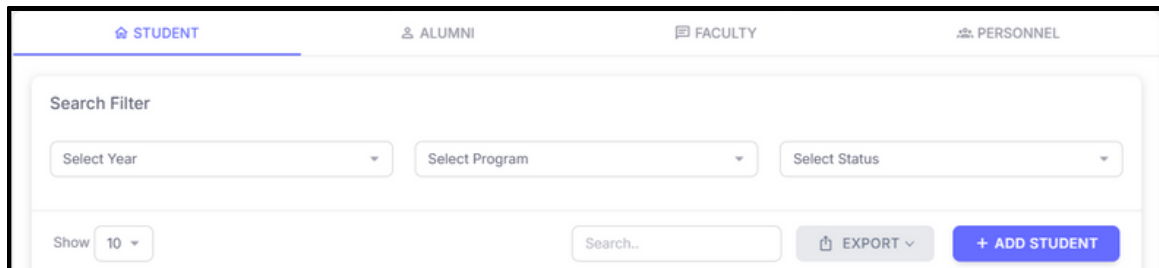

Real-time Record

In the Dashboard, the real-time record of total active users, pending approvals, and content updates needed are visible to notify system administrator.

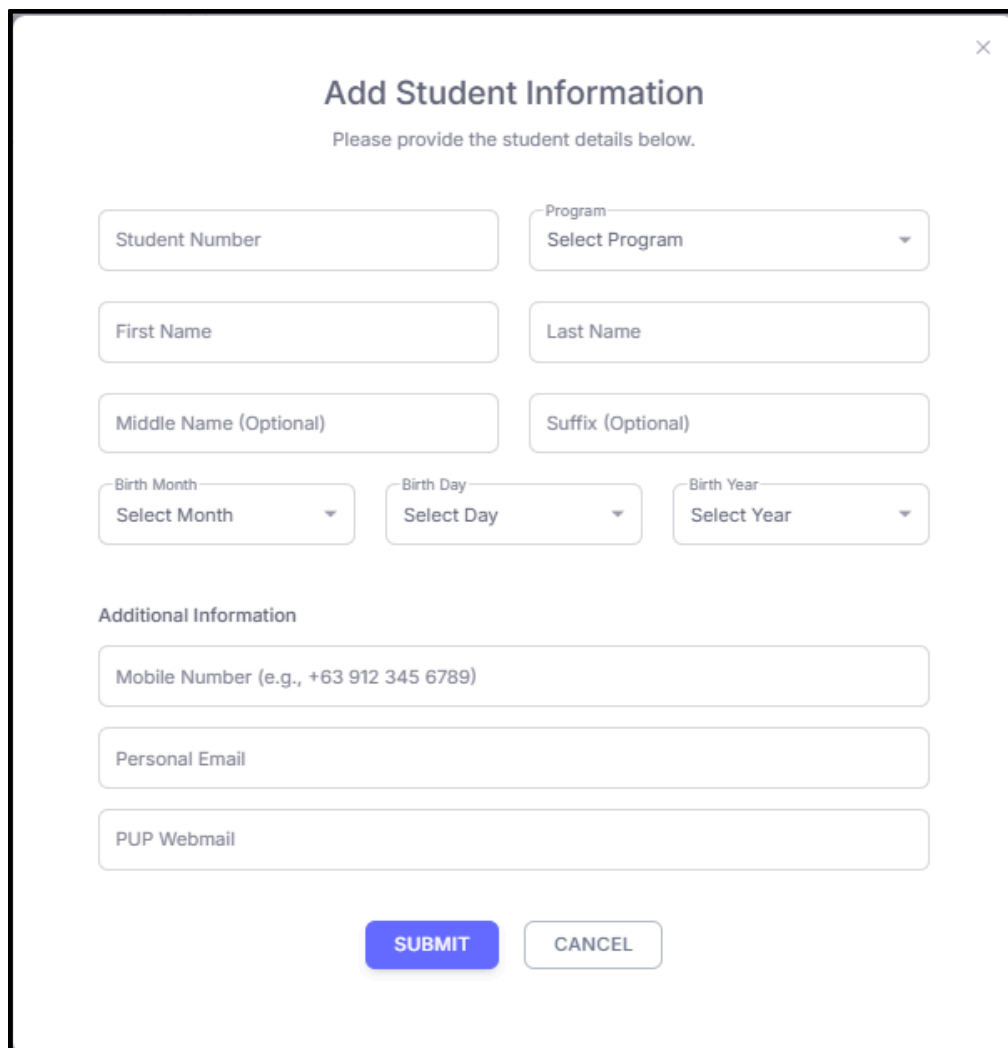

ACCOUNT MANAGEMENT

Student Management

The screenshot shows the 'STUDENT' tab selected in a navigation bar. Below the navigation bar is a 'Search Filter' section with three dropdown menus: 'Select Year', 'Select Program', and 'Select Status'. At the bottom of the filter section, there is a 'Show' dropdown set to '10', a 'Search...' input field, an 'EXPORT' button with a download icon, and a blue '+ ADD STUDENT' button.

To add a student, just click the Add Student button.

The 'Add Student Information' form is displayed in a modal window. It includes a title bar with a close button (X). The form contains the following fields:

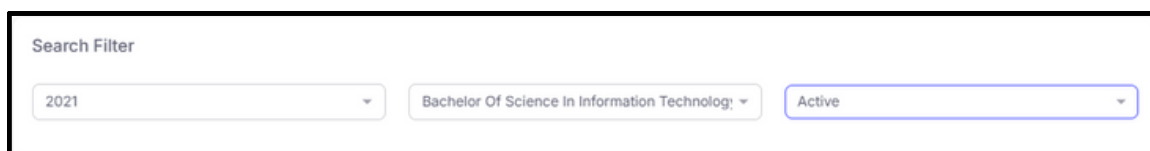

- Student Number**: Text input field.
- Program**: Dropdown menu with 'Select Program' as the placeholder.
- First Name**: Text input field.
- Last Name**: Text input field.
- Middle Name (Optional)**: Text input field.
- Suffix (Optional)**: Text input field.
- Birth Month**: Dropdown menu with 'Select Month' as the placeholder.
- Birth Day**: Dropdown menu with 'Select Day' as the placeholder.
- Birth Year**: Dropdown menu with 'Select Year' as the placeholder.
- Additional Information**: Section containing three text input fields:
 - Mobile Number (e.g., +63 912 345 6789)**
 - Personal Email**
 - PUP Webmail**

At the bottom of the form are two buttons: a blue 'SUBMIT' button and a grey 'CANCEL' button.

Fill out the fields. Once finished, just click the Save button.

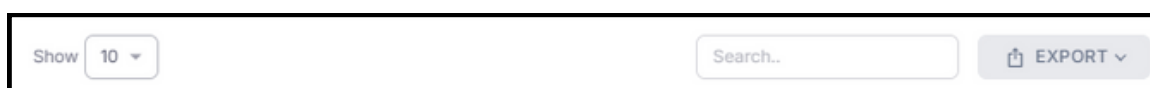

ACCOUNT MANAGEMENT

Student Management

The image shows a 'Search Filter' section with three dropdown menus. The first dropdown is set to '2021', the second to 'Bachelor Of Science In Information Technology', and the third to 'Active'.

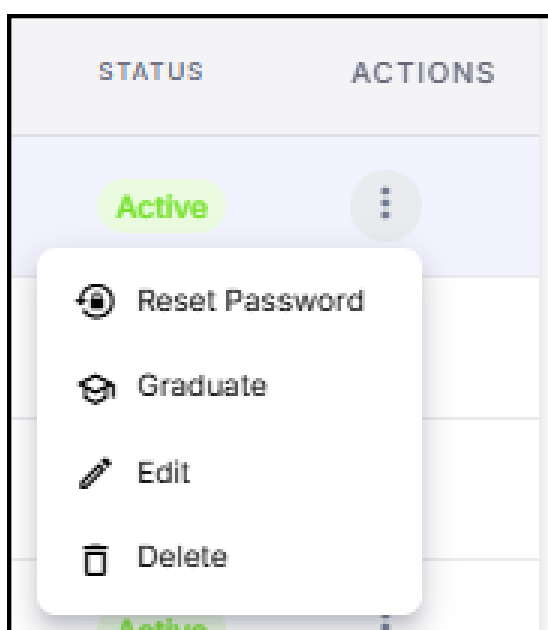

For search filter, system administrator will choose from the year, program, and status dropdowns to show the results.

The image shows a table control bar with a 'Show' dropdown set to '10', a 'Search..' input field, and an 'EXPORT' button with a download icon.

The system administrator can click the show dropdown to choose how many results will show in the table. Also, the system administrator can search a student's information for finding the student. The export button will export all the information shown in the table.

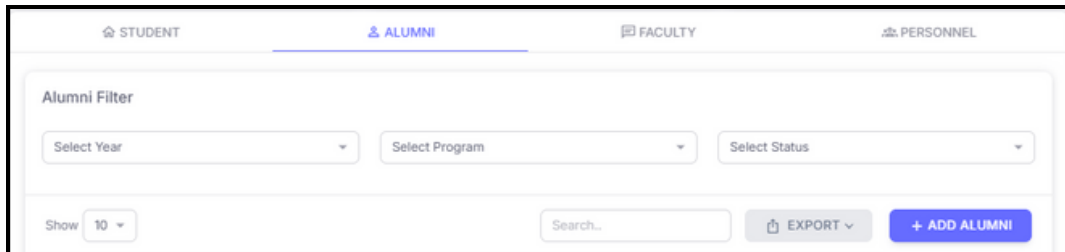

Student Management Actions

- Reset Password - Click for sending a reset password link to registered email of student.
- Graduate - Click for student account to be transferred to Alumni Management.
- Edit - Click for editing student information.
- Delete - Click for deletion of student account.

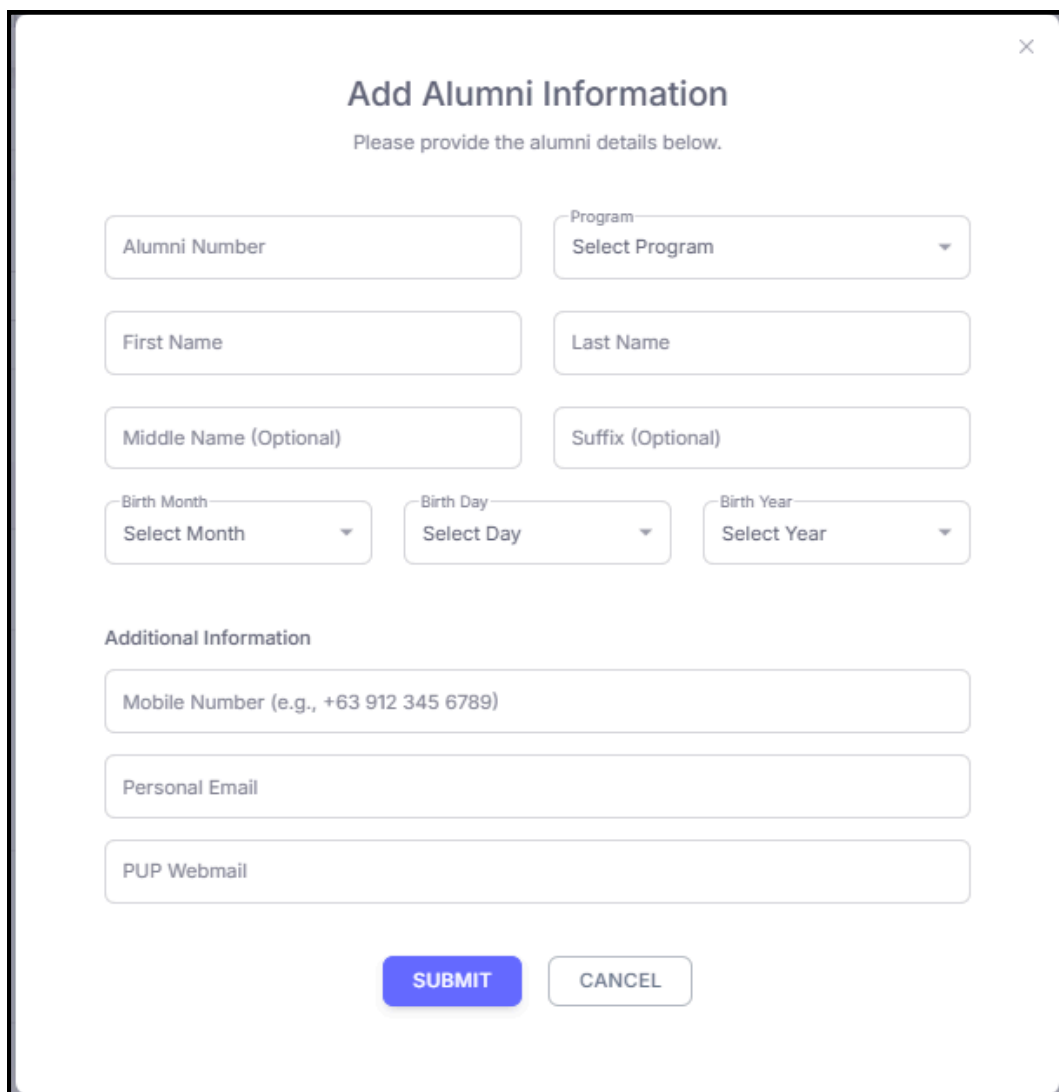

ACCOUNT MANAGEMENT

Alumni Management

The screenshot shows the 'ALUMNI' tab selected in a navigation bar. Below the navigation bar is an 'Alumni Filter' section with three dropdown menus: 'Select Year', 'Select Program', and 'Select Status'. Below the filters is a 'Show' dropdown set to '10', a 'Search..' input field, an 'EXPORT' button, and a '+ ADD ALUMNI' button. Below the filter section is a table with columns: 'Alumni Number', 'First Name', 'Last Name', 'Middle Name (Optional)', 'Suffix (Optional)', 'Birth Month', 'Birth Day', 'Birth Year', 'Program', 'Status', and 'Action'. The table contains one row of data for an alumni with ID 1000000000, named 'JAMES', born on 01/01/2000, in the 'Engineering' program, with a status of 'Graduated'.

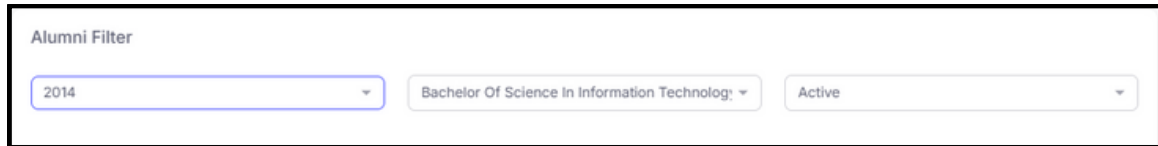

To add a alumni, just click the Add Alumni button.

The screenshot shows the 'Add Alumni Information' form. It has a title 'Add Alumni Information' and a subtitle 'Please provide the alumni details below.' The form contains the following fields: 'Alumni Number' (text input), 'Program' (dropdown menu with 'Select Program' selected), 'First Name' (text input), 'Last Name' (text input), 'Middle Name (Optional)' (text input), 'Suffix (Optional)' (text input), 'Birth Month' (dropdown menu with 'Select Month' selected), 'Birth Day' (dropdown menu with 'Select Day' selected), 'Birth Year' (dropdown menu with 'Select Year' selected), 'Mobile Number (e.g., +63 912 345 6789)' (text input), 'Personal Email' (text input), and 'PUP Webmail' (text input). At the bottom are 'SUBMIT' and 'CANCEL' buttons.

Fill out the fields. Once finished, just click the Save button.

ACCOUNT MANAGEMENT

The image shows a filter interface titled "Alumni Filter". It contains three dropdown menus: the first is set to "2014", the second is set to "Bachelor Of Science In Information Technology", and the third is set to "Active".

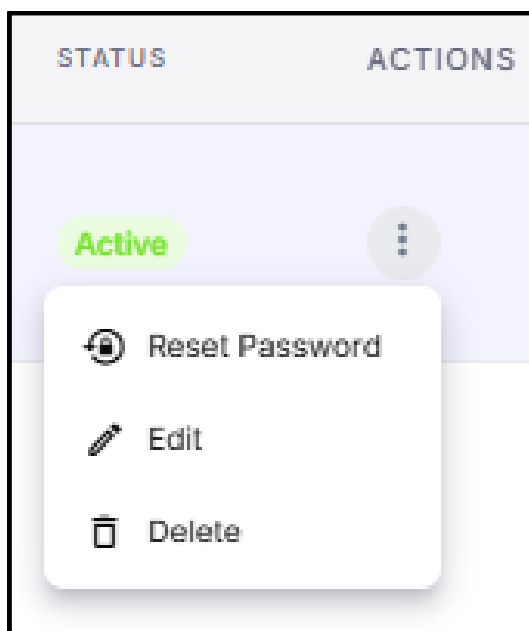

For search filter, system administrator will choose from the year, program, and status dropdowns to show the results.

The image shows a control bar for a table. It includes a "Show" dropdown set to "10", a "Search.." input field, and an "EXPORT" button with a download icon.

The system administrator can click the show dropdown to choose how many results will show in the table. Also, the system administrator can search an alumnus/alumni's information for finding the alumnus/alumna. The export button will export all the information shown in the table.

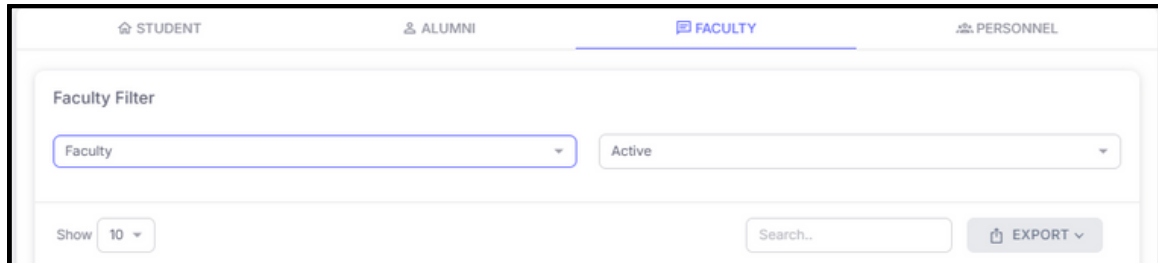

Alumni Management Actions

- Reset Password - Click for sending a reset password link to registered email of alumni.
- Edit - Click for editing alumni information.
- Delete - Click for deletion of alumni account.

ACCOUNT MANAGEMENT

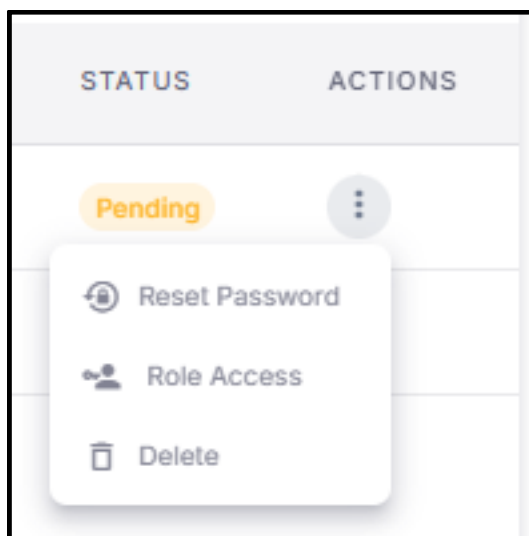

Faculty Management

For search filter, system administrator will choose from role and status dropdowns to show the results.

The system administrator can click the show dropdown to choose how many results will show in the table. Also, the system administrator can search a faculty's information for finding the faculty. The export button will export all the information shown in the table.

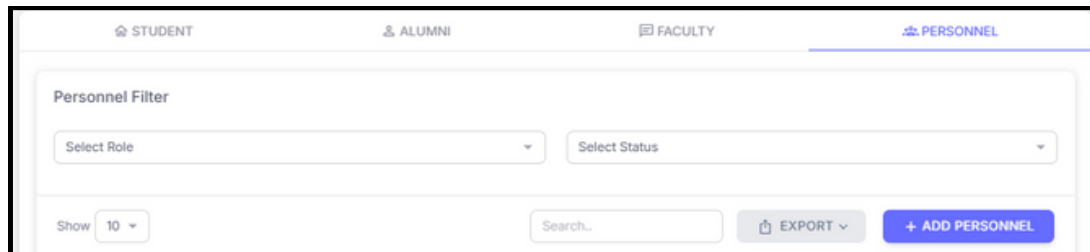

Faculty Management Actions

- Reset Password - Click for sending a reset password link to registered email of faculty.
- Role Access - Click for giving a role access to a faculty.
- Delete - Click for deletion of faculty account.

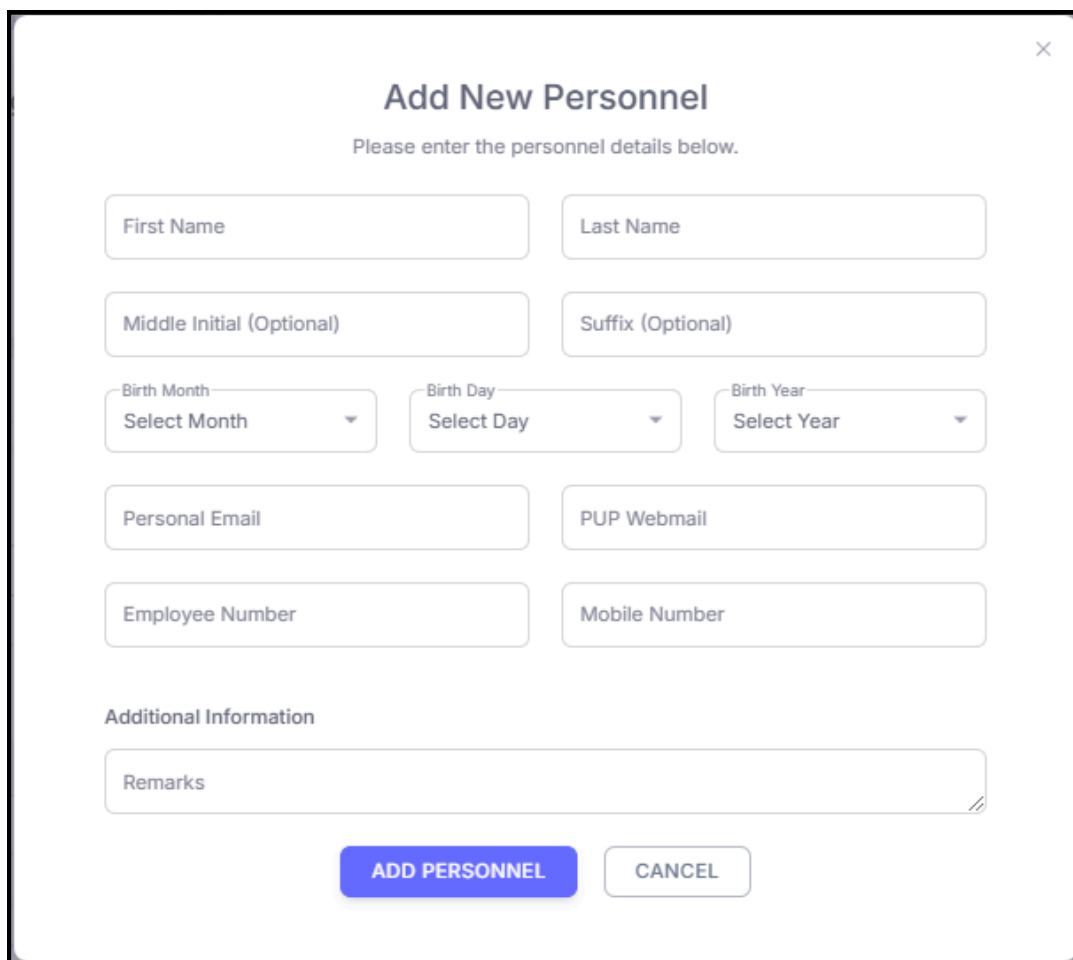

ACCOUNT MANAGEMENT

Personnel Management

A screenshot of the Personnel Management dashboard. At the top, there are four tabs: STUDENT, ALUMNI, FACULTY, and PERSONNEL, with PERSONNEL being the active tab. Below the tabs is a 'Personnel Filter' section containing two dropdown menus: 'Select Role' and 'Select Status'. At the bottom of the filter section, there is a 'Show' dropdown set to '10', a 'Search...' input field, an 'EXPORT' button with a download icon, and a blue '+ ADD PERSONNEL' button.

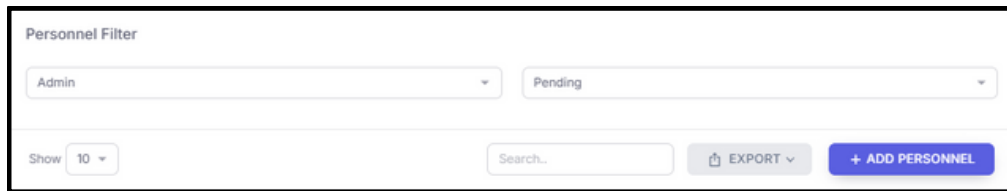

To add a personnel, just click the Add Personnel button.

A screenshot of the 'Add New Personnel' form. The form has a title 'Add New Personnel' and a subtitle 'Please enter the personnel details below.' It contains several input fields: 'First Name', 'Last Name', 'Middle Initial (Optional)', 'Suffix (Optional)', 'Birth Month' (dropdown), 'Birth Day' (dropdown), 'Birth Year' (dropdown), 'Personal Email', 'PUP Webmail', 'Employee Number', and 'Mobile Number'. Below these fields is a section titled 'Additional Information' with a 'Remarks' text area. At the bottom of the form are two buttons: a blue 'ADD PERSONNEL' button and a grey 'CANCEL' button.

Fill out the fields. Once finished, just click the Save button.

ACCOUNT MANAGEMENT

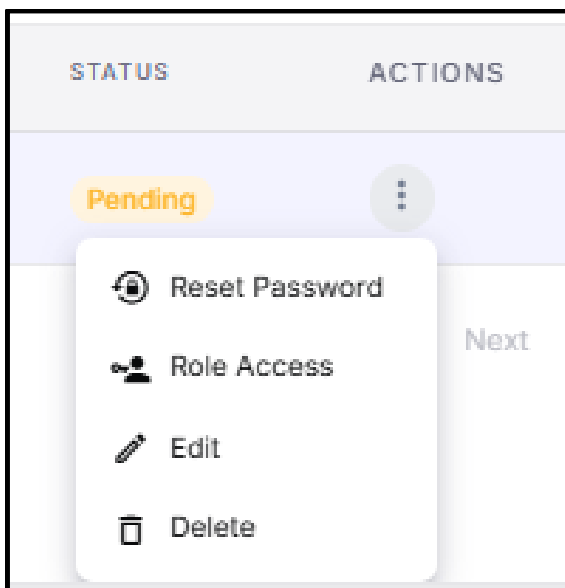

The Personnel Filter interface includes two dropdown menus for 'Admin' and 'Pending'. Below these is a 'Show' dropdown set to '10', a 'Search..' input field, an 'EXPORT' button with a download icon, and a '+ ADD PERSONNEL' button.

For search filter, system administrator will choose from role and status dropdowns to show the results.

The system administrator can click the show dropdown to choose how many results will show in the table. Also, the system administrator can search a personnel's information for finding the personnel. The export button will export all the information shown in the table.

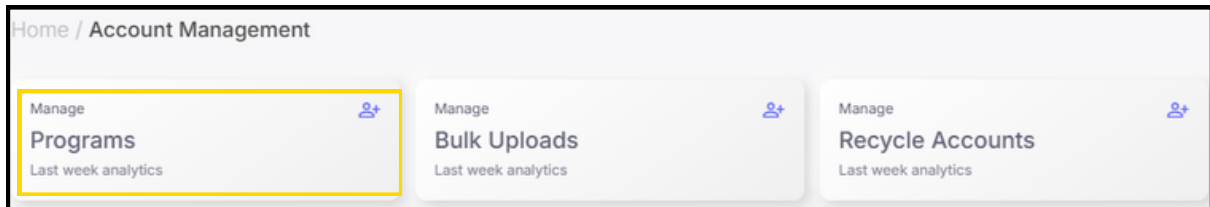

Personnel Management Actions

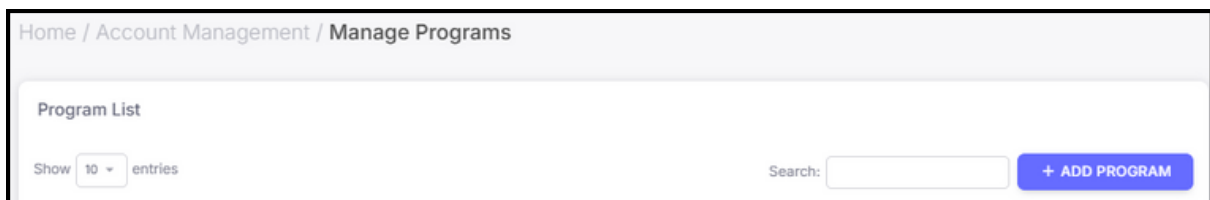

- Reset Password - Click for sending a reset password link to registered email of personnel.
- Role Access - Click for giving a role access to a personnel.
- Edit - Click for editing personnel information.
- Delete - Click for deletion of personnel account.

ACCOUNT MANAGEMENT

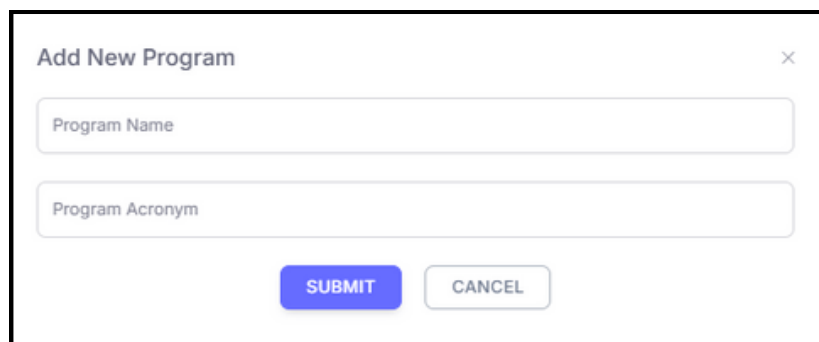

Manage Program

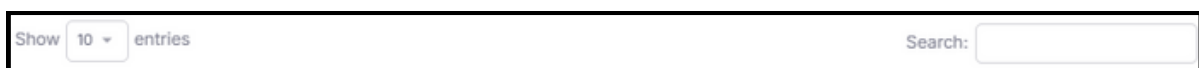

Click Manage Programs from three manage cards.

To add program, just click the Add Program button.

A screenshot of the 'Add New Program' modal form. It has a title bar with 'Add New Program' and a close button (X). The form contains two input fields: 'Program Name' and 'Program Acronym'. At the bottom, there are two buttons: a blue 'SUBMIT' button and a grey 'CANCEL' button.

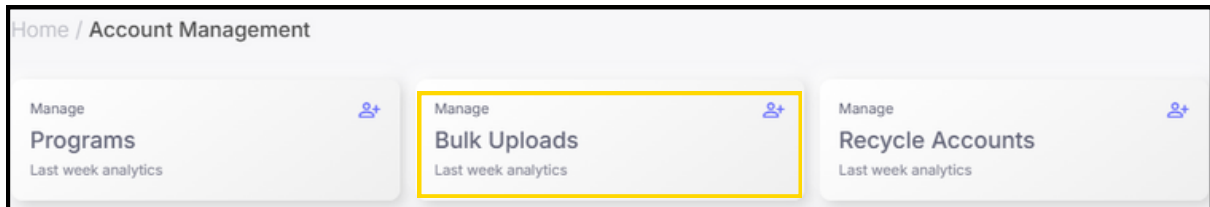

Input the program name and acronym. Once finished, click Add Program button.

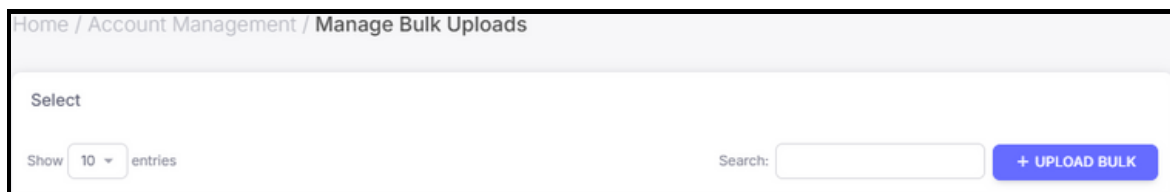

The system administrator can click the show dropdown to chose how many results will show in the table. Also, the system administrator can search a program name for finding the program.

ACCOUNT MANAGEMENT

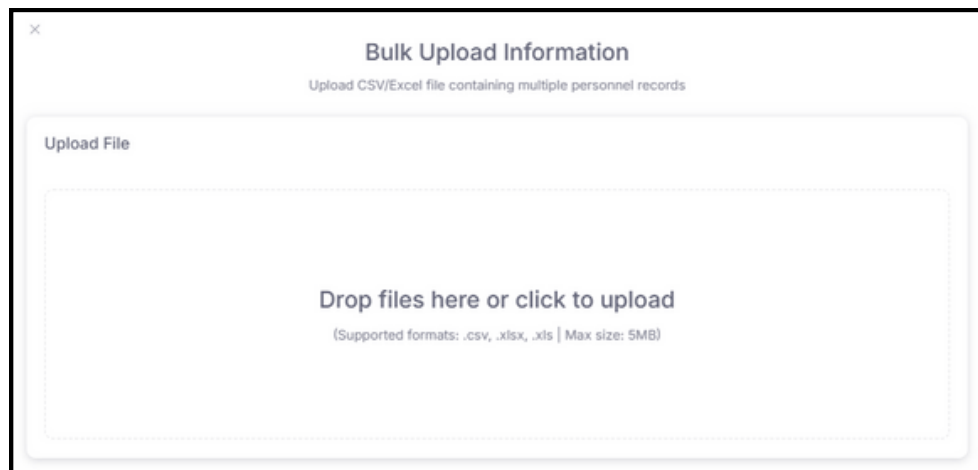

Bulk Uploads

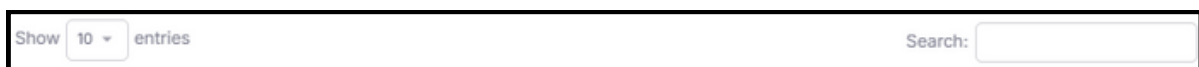

Click Manage Bulk Uploads from three manage cards.

To add bulk upload, click the Upload Bulk button. The only accepted format of file is .CSV, .XLSX, and .XLS.

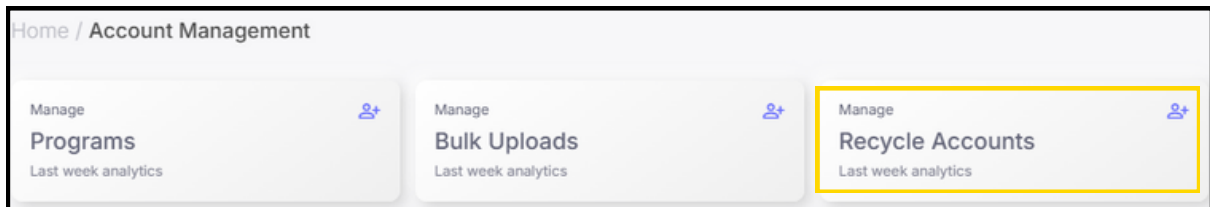

Select a file from computer and click the upload area or drag the file to upload.

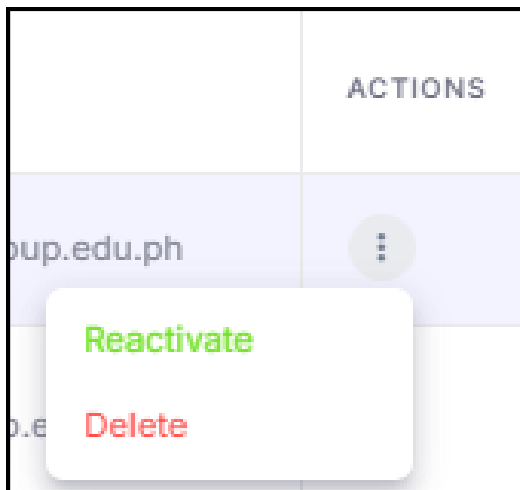

The system administrator can click the show dropdown to chose how many results will show in the table. Also, the system administrator can search a name for finding the an account to be approved.

ACCOUNT MANAGEMENT

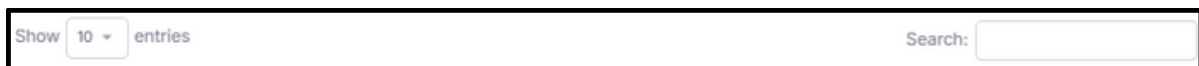

Recycle Accounts

Click Manage Recycle Accounts from three manage cards.

Once an account is in here, the System Administrator can choose to reactivate an account or delete it forever.

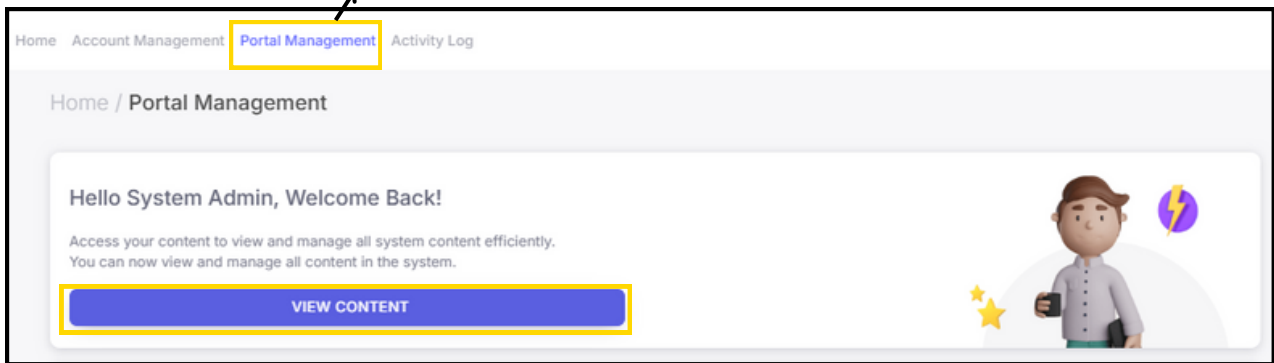

The system administrator can click the show dropdown to chose how many results will show in the table. Also, the system administrator can search a name for finding the account to be reactivated or deleted permanently.

PORTAL MANAGEMENT

myPUPQC Portal Management

Click Portal Management from menu.

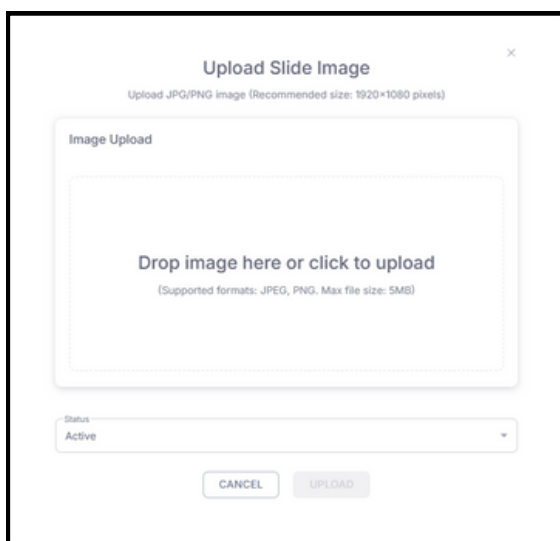

Click View Content button to see the changes made in the portal (Guest Homepage)

Slideshow Section

For the slideshow section, just click the tab of slideshow section. Click the Add Slide Show button to add a slide show in the portal.

For uploading a slideshow image, follow the recommended size before dropping an image or clicking the upload area to upload. After that, choose a status in the status dropdown to enable the upload button.

TROUBLESHOOTING AND FAQs

TROUBLESHOOTING

Login

Problem: I cannot access the Admin Dashboard.

Possible Causes:

- Incorrect credentials
- Account not flagged as System Administrator by the system

How to fix?

1. Use the correct credentials.
2. If password is forgotten:
 - Use the "Forgot Password" feature
 - Enter your registered admin email
 - Check inbox/spam for the reset link

Bulk Upload

Problem: Bulk Upload fails or errors out.

Possible Causes:

- File format is invalid.
- Template is incomplete or has incorrect headers
- File size is too large or contains blank rows

How to fix?

1. Only use accepted formats: .csv, .xls, .xlsx
2. Follow the exact column headers provided in the template.
3. Remove any extra spaces, blank rows, or special characters.
4. For large uploads, break into smaller batches.

Exporting or Filtering Issues

Problem: Exported files are empty or filters do not work.

How to fix?

1. Make sure the correct user type and status are selected in the filter.
2. Use the search field to narrow down results before exporting.
3. Refresh the page if export fails or try using a different browser.

TROUBLESHOOTING

Dashboard Data Not Updating

Problem: Admin dashboard number are incorrect or not refreshing

How to fix?

1. Refresh the browser or log out and back in.
2. Clear browser cache if necessary.
3. If it still does not update, check:
 - Server sync status
 - Whether background jobs (like cron) are running
 - Error logs in the backend

Recycle (Deleted Account) Problems

Problem: I cannot restore a deleted account

How to fix?

1. Navigate the Recycle > Select User Type
2. Locate the account and click Restore
3. If the Restore button is missing, the account may have been permanently deleted or corrupted. Contact database report.

FAQs

1. How do I add new users to the system

- Go to Account Management
- Choose the user type (Student, Alumni, Personnel)
- Click Add Student/Alumni/Personnel
- Fill out all required fields
- You can also bulk upload users using template.

2. What does the Recycle function do

- The Recycle module shows deleted accounts
- From here, you can:
 - View account history
 - Restore accounts
 - Permanently delete entries if needed

3. Can I assign moderator roles to faculty?

- Yes, go to the faculty in Account Management.
- Enable the Moderator checkbox.
- Save changes and they should now have post approval rights.

4. How do I manage inappropriate content or flagged posts?

- Go to Post Management > Pending Posts
- Review the content
- Choose to Reject, Publish, or Report/Flagged the post
- Add a note on take action against the user in the report pop-up form.

FAQs

5. Can I track system activity or logs?

- Yes, system admins can access audit logs showing:
 - User login attempts
 - Content moderation history
 - Account changes
- For more advanced logging, contact the development team.

6. What do I do if a faculty member cannot see student posts for approval?

- Check if the faculty member is marked as a moderator.
- If not, update their role in Account Management.
- Make sure the posts have been submitted properly and is in pending post.

7. How do I backup user data or platform content?

- Export data manually from Account Management or Post Management.
- Schedule regular backups through your hosting platform or database tools.
- Always store backups securely in compliance with data protection policies.

8. Can admin post announcements on IskaHub?

- Yes, admins can post.
- Ideal for official university-wide announcements, emergency alerts, class suspensions, and campus events.
